Prior to participating in the 'fishing' packages, clients 12 years and above will need to obtain their own trout rod licence which are available from any Post Office or on line. Tackle hire can be arranged.

The Total Fly Fishing Co.

The ethos of *The Total Fly Fishing Company* is to provide the highest possible standards of professional fly fishing casting tuition and guided fishing at home and abroad.

Fonthill Lake casting platforms

Wood Stock Trout Fishery

Chalk Stream Fishing

The company provides tuition in all aspects of fly fishing for the absolute beginner or to advanced fly fishers seeking technical improvement. They focus on tailor-made individual casting lessons, introduction to entomology and fly-tying, guided fishing, escorted trips abroad and in the UK. Trout or salmon casting instruction is undertaken on a beautiful private lake at Fonthill Gifford in Wiltshire, or at lake fisheries within a 30 mile radius of Tisbury. Chalk stream guided days continue to be extremely popular and with adequate warning, guided fishing can be arranged on various beats on the Test, Itchen, Wylye, Nadder, Piddle and Kennet for individuals, groups and company corporate days.

Your Instructors

David Griffiths

James Mills

The Directors, James Mills and David Griffiths, are both **Advanced Professional Game Angling Instructors** and accredited members of the **Hardy Greys Academy of Instructors**.

David has fished for all game fish since he was a very young boy, catching his first trout on the River Wye at Builth Wells (on the fly!) aged 5. He has a wealth of fly fishing experience in all parts of the world. He was fortunate enough to be taught to nymph fish by the legendary Frank Sawyer on the River Avon. Having had a full and successful Army career, he was head hunted by Sharpes' of Aberdeen as a sales manager and their principle casting demonstrator. This encouraged him to undertake the professional fly casting examinations. Notably, David has given casting demonstrations at various national and international fly fishing fairs in the UK, USA, Europe and in Japan. He is an APGAI & STANIC qualified instructor in the salmon, trout & sea trout disciplines.

James is also ex Army and an APGAI and STANIC qualified fly fishing instructor. He acquired a wealth of international experience as an instructor before establishing *The Total Fly Fishing Company* with David. He is a consummate caster in both salmon and trout fields cutting away all of the spurious mystique surrounding fly fishing, casting in particular. He is intent upon making the learning process enjoyable and fun - he measures success by hooking people to fly fishing for life.
